DTE Form 24 Rev. 4/05 RC 5715.27

Tax Incentive Program -- Application for Real Property Tax Exemption and Remission

County Name

DTE Form 24P). If the application is signed by the political subdivision with the property owner's consent acting under a power of attorney (attach DTE Form 24P). If the application is signed by the political subdivision without the property owner's consent, such exemption shall be subordinate to an exemption granted under any other section of the Revised Code and service payments shall not be required for the portion of the property exempt under that other section. If the exemption requested involves service payments in lieu of taxes and the application is signed by the property owner, the property owner's representative, or the political subdivision with the property owner's consent acting under a power of attorney, those payments will remain in effect for the term of the exemption even if the property is used later for another exempt purpose, unless the political subdivision consents in writing to the subsequent exemption. These service payments are also binding on future owners if the political subdivision or the property owner files a notice with the county recorder after the tax commissioner approves the application, unless the political subdivision consents in writing to the subsequent exemption. Failure to file such notice relieves only future owners from the obligation to make service payments if the property becomes exempt under any other provision of the Revised Code. Consent by a property owner filed with the tax commissioner after the commissioner has approved an application for exemption originally filed by the political subdivision without the property owner's consent will trigger the same procedures mentioned above for an application filed by or with the property owner's consent.
